

Electronic Bill Presentment & Payment (eBPP) System

Replace traditional paper bills with Internet billing solution

One area of e-commerce that is receiving a lot of attention and experiencing rapid growth is payment of consumer bills over the Internet.

Electronic Bill Presentment & Payment (eBPP) for online billing and payment is one solution that was developed to meet the changing consumer landscape.

The Smarter Way To Pay Your Bills

Distribute your bill online – Save on logistics and bill delivery

Pay at your convenience – No more queuing at payment counters

View your bills on the screen before paying

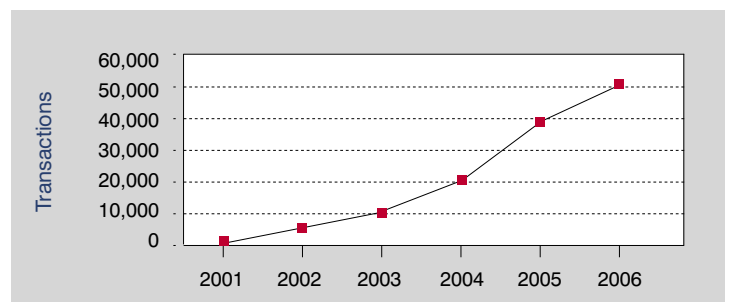

Authorize payment from your bank account or pay using credit card

eBPP can be your solution for one-stop online payment service involving multiple billers and financial institutions.

eBPP is the core engine used to build and operate PayBills Malaysia

PayBills Malaysia which started in year 2000, has grown into a matured bill payment platform. It has over 60,000 registered subscribers and offers over 100 types of bills. For payment, consumers have the choice of 8 different banks to choose from.
